(xvi) 52.225-26, Contractors Performing Private Security Functions Outside the United States (Jul 2013) (Section 862, as amended, of the National Defense Authorization Act for Fiscal Year 2008; 10 U.S.C. 2302 Note).

(xvii) 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations. (May 2014) (42 U.S.C. 1792). Flow down required in accordance with paragraph (e) of FAR clause 52.226-6.

(xviii) 52.247-64, Preference for Privately-Owned U.S. Flag Commercial Vessels (Feb 2006) (46 U.S.C. Appx 1241(b) and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.

(2) While not required, the Contractor may include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(End of clause)

252.211-7003 ITEM UNIQUE IDENTIFICATION AND VALUATION (MAR 2016)

(a) Definitions. As used in this clause'

Automatic identification device means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

Concatenated unique item identifier means--

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

Data Matrix means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

Data qualifier means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

DoD recognized unique identification equivalent means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at http://www.acq.osd.mil/dpap/pdi/uid/iuid_equivalents.html.

DoD item unique identification means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

Enterprise means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

Enterprise identifier means a code that is uniquely assigned to an enterprise by an issuing agency.

Government's unit acquisition cost means--

- (1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;
- (2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and
- (3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

Issuing agency means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

Issuing agency code means a code that designates the registration (or controlling) authority for the enterprise identifier.

Item means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

Lot or batch number means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

Machine-readable means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

Original part number means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

Parent item means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

Serial number within the enterprise identifier means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

Serial number within the part, lot, or batch number means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

Serialization within the enterprise identifier means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

Serialization within the part, lot, or batch number means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

Type designation means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

Unique item identifier means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

Unique item identifier type means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at http://www.acq.osd.mil/dpap/pdi/uid/uii_types.html.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier. (1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract line, subline, or exhibit line item No.	Item description
.....	

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract line, subline, or exhibit line item No.	Item description
.....	

(If items are identified in the Schedule, insert ``See Schedule" in this table.)

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparable and DoD serially managed nonreparable as specified in Attachment Number ----.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ----.

(v) Any item not included in paragraphs (c)(1)(i), (ii), (iii), or

(iv) of this clause for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology--International symbology specification--Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that--

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology-Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall--

(A) Determine whether to--

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: Original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code--

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Government's unit acquisition cost.

(11) Unit of measure.

(e) For embedded subassemblies, components, and parts that require DoD unique item identification under paragraph (c)(1)(iii) of this clause, the Contractor shall report as part of, or associated with, the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

** Once per item.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods--

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) ----, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) Subcontracts. If the Contractor acquires by contract any items for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial items.

(End of clause)

5352.201-9101 OMBUDSMAN (APRIL 2014)

(a) An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the party to another official who can resolve the concern.

(b) Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMB Circular A-76 competition performance decisions).

(c) If resolution cannot be made by the contracting officer, the interested party may contact the ombudsmen, Mr. Gregory S. Oneal, AFICA OL AMC, 507 Symington Drive, Scott AFB, IL 62225-5022, 618-229-0267, fax 618-256-6668, email: Gregory.Oneal@us.af.mil. Concerns, issues, disagreements, and recommendations that cannot be resolved at the Center/MAJCOM/DRU/HQ AFICA/AFISRA/SMC ombudsman levels, may be brought by the interested party for further consideration to the Air Force ombudsman, Associate Deputy Assistant Secretary (ADAS) (Contracting), SAF/AQC, 1060 Air Force Pentagon, Washington DC 20330-1060, phone number (571) 256-2395, facsimile number (571) 256-2431.

(d) The ombudsman has no authority to render a decision that binds the agency.

(e) Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the Contracting Officer.

(End of clause)

5352.223-9000 ELIMINATION OF USE OF CLASS I OZONE DEPLETING SUBSTANCES (ODSs) (APR 2003)

(a) Unless the requiring activity has obtained prior Senior Acquisition Official (SAO) approval, contractors may not:

(1) Provide any service or product with any specification, standard, drawing, or other document that requires the use of a Class I ODS in the test, operation, or maintenance of any system, subsystem, item, component, or process; or

(2) Provide any specification, standard, drawing, or other document that establishes a test, operation, or maintenance requirement that can only be met by use of a Class I ODS.

[Note: This prohibition does not apply to manufacturing.]

(b) For the purposes of Air Force policy, the following products that are pure (i.e., they meet the relevant product specification identified in AFI 32-7086) are Class I ODSs:

(1) Halons: 1011, 1202, 1211, 1301, and 2402;

(2) Chlorofluorocarbons (CFCs): CFC-11, CFC-12, CFC-13, CFC-111, CFC-112, CFC-113, CFC-114, CFC-115, CFC-211, CFC-212, CFC-213, CFC-214, CFC-215, CFC-216, and CFC-217, and the blends R-500, R-501, R-502, and R-503; and

(3) Carbon Tetrachloride, Methyl Chloroform, and Methyl Bromide.

[NOTE: Material that use one or more of these Class I ODSs as minor constituents do not meet the Air Force definition of a Class I ODS.]

(c) The requiring activity has obtained SAO approval to permit the contractor to use the following Class I ODS(s):

Class I ODS/ Application or Use/Quantity (lbs.) per contract period of performance

N/A

(d) The offeror/contractor is required to notify the contracting officer if any Class I ODS that is not specifically listed above is required in the test, operation, or maintenance of any system, subsystem, item, component, or process.

(End of clause)

5352.223-9001 HEALTH AND SAFETY ON GOVERNMENT INSTALLATIONS (NOV 2012)

(a) In performing work under this contract on a Government installation, the contractor shall:

(1) Take all reasonable steps and precautions to prevent accidents and preserve the health and safety of contractor and Government personnel performing or in any way coming in contact with the performance of this contract; and

(2) Take such additional immediate precautions as the contracting officer may reasonably require for health and safety purposes.

(b) The contracting officer may, by written order, direct Air Force Occupational Safety and Health (AFOSH) Standards and/or health/safety standards as may be required in the performance of this contract and any adjustments resulting from such direction will be in accordance with the Changes clause of this contract.

(c) Any violation of these health and safety rules and requirements, unless promptly corrected as directed by the contracting officer, shall be grounds for termination of this contract in accordance with the Default clause of this contract.

(End of clause)

5352.242-9000 - CONTRACTOR ACCESS TO AIR FORCE INSTALLATIONS (NOVEMBER 2012)

(a) The contractor shall obtain base identification and vehicle passes, if required, for all contractor personnel who make frequent visits to or perform work on the Air Force installation(s) cited in the contract. Contractor personnel are required to wear or prominently display installation identification badges or contractor-furnished, contractor identification badges while visiting or performing work on the installation.

(b) In accordance with Department of Defense (DoD) policy guidance on Physical Access Control to all military bases, all individuals entering DoD installations must have a valid purpose to enter, have their identity proofed (providing acceptable documentation of proof of identity) and validated through the process of vetting (evaluation of an applicant's character and conduct for approval or denial of access) through law enforcement data bases to be issued or be in possession of a Fairchild AFB access credential. DoD ID card holders and those designated on local access credentials may vouch for and escort daily deliveries to/from the job site. Up to three (3) on-site contract superintendents may be designated, in writing by the contracting officer for the purpose of vouching daily delivery personnel, during normal business/operating hours only, or as approved by the contracting officer for individual contract performance.

(c) Contractor identification badges will be issued for the performance period of the contract only, or for (1) Year; whichever is the shorter period of time. Badges for contractor personnel where the performance period extends beyond (1) year, or where the contract is extended beyond the original scheduled completion date, shall be reissued. The primary contractor shall identify to the Contracting Officer by letter, the name of no more than three supervisory personnel to act as vouching authorities for daily delivery personnel. This letter shall include the individual's full name, position, and a call back number. It shall also identify the project for which the appointment is associated. Daily delivery personnel require an escort to and from the job site. Daily delivery personnel shall be subject to a Law Enforcement database check each time they visit the installation. If delivery personnel will be delivering to the job site on a recurring basis (more than 7 days during the contract period), they may apply for a base contractor badge for the duration of the contract or one (1) year, whichever is shorter. Pre-announcement vouching by authorized individuals can be made by:

- Sending a digitally signed/encrypted e-mail to: 92sfs.s5b.passandregistration@us.af.mil with visitor's information.
- Calling the visitor information into the Entry Screening Facility (ESF). When the guest arrives, the sponsor will be contacted at a call back number provided by the sponsor to report to the gate to escort the visitor. Visitors sponsored for 1 to 7 days will be issued a Defense Biometric IDentification System (DBIDS) paper pass (with photo) after vetting. The sponsor must report to the gate and escort the visitor the first day only. Visits over 7 days but for not more than 1 year will be issued the DBIDS card. The sponsor must report to the gate and escort the visitor the first day only. The FAFB Contractor/DBIDS application must include duration, days of the week, and hours of the day for visits.

(d) If any vouched individuals are unable to be vetted upon arrival, the designated vouching authority shall be required to escort those individuals to and from the site. Individuals that are not issued DBIDS cards shall be required to be re-vetted each time they require access. Personnel shall provide one or more of the following documents in order to obtain access:

- U.S. passport, not expired
- Permanent Resident card or Alien Registration Receipt card (INS Form I-551)

- Foreign passport with a temporary (I-551) stamp or temporary, (I-551) printed notation on a machine readable Visa. (Entrance requires coordination with the Foreign Disclosure Office)
 - Foreign passport with current arrival/departure record (INS Form I-94) bearing the same name as the passport and containing an endorsement of the alien's nonimmigrant status, if that status allows them to work for the employer.
 - Employment authority document that contains a photograph (INS Form I-766). (Entrance requires coordination with the Foreign Disclosure Office)
 - Identification card issued by Federal, State, or local government agencies, provided it contains a photograph and biographic information such as name, date of birth, gender, height, eye color, and address.
 - In the case of a non-immigrant alien authorized to work for a specific employer incident to status, a foreign passport with an INS Form I-94 or INS Form I-94A bearing the same name as the passport and containing an endorsement of the alien's nonimmigrant status, as long as the endorsement has not yet expired and the proposed employment is not in conflict with any restrictions or limitations identified on the form.
 - Enhanced Driver's license or identification card issued by a State or outlying possession of the U.S., or Federal, State, or local government agencies provided it contains a photograph and biographic info such as name, date of birth, gender, height, eye color, and address.
 - PIV or Federally-Issued PIV-1 Cards (Personal Identification Verification) issued by the Federal Government
 - PIV-I card (Personal identification verification-Interoperable Issued by Non-Federal Government entities)
 - DHS "Trusted Traveler Card (Form I-551)
 - Border Crossing Card (Form DSP-150)
 - U.S. Certificate of Naturalization or Certificate of Citizenship (Form N-550) and U.S. Permanent Resident Card (Form I-551)
 - U.S. Refugee travel document or other travel document or evidence of immigration status issued by DHS containing a photograph (Entrance requires coordination with the Foreign Disclosure Office)
 - U.S. Military or draft record, U.S. Coast Guard or Merchant Mariner or Transportation Workers Identification Credential card.
- (e) Under certain circumstances, 92d Contracting personnel may require an immediate pass application to be processed. These applications will be stamped with "Immediate Processing Requested". 92 SFS personnel will work these passes as soon as possible depending on current operations. When processing is completed, the form will be forwarded to Pass and Registration where the applicant will appear in person to have the pass issued.
- (f) When work under this contract requires unescorted entry to controlled or restricted areas, the contractor shall comply with AFI 31-101, Integrated Defense and AFI 31-501, Personnel Security Program Management. The government does not allow Privately Owned Vehicles (POVs) in controlled or restricted areas. Taking photographs is prohibited. If photographs are required for clarification or bidding, contact your respective Contracting Officer. Cell phones are prohibited from most controlled and restricted areas. Coordinate with the area owner to validate usage in these areas. The government will provide escorts to accompany contractor personnel in these areas and escorts will have access to communication devices if needed. Vehicles to be operated on the airfield shall have a company logo painted on or affixed to the vehicle.
- (g) These applicable AFI excerpts may be requested through the Contracting Officer.
- (h) Use of cell phones or headphones while operating a motor vehicle upon a roadway on base is strictly prohibited, is a primary offense, and a traffic citation will be issued. Totally hands-free cell phone devices are permitted.
- (i) Fairchild AFB is a non-smoking facility. Smoking is only allowed in limited, designated areas.
- (j) Contractors are reminded that vehicles cannot be left parked at the Front (Main) Gate area. This area is 30 minute parking only. If you have employees who cannot drive on base (lack of insurance, registration, suspended license, etc.) they must park at an off-base location and obtain alternate transportation to the work site.

(k) All commercial vehicles will enter the installation via the Rambo Road gate, Monday through Friday, 0600 through 1700 unless otherwise indicated in the Performance Work Statement (PWS). At all other times they will enter through the main gate. Search teams and/or military narcotic and explosive working dogs will search all commercial vehicles larger than a 15 passenger sized van. All commercial vehicles smaller than a 15 passenger van, may enter the main gate during contract performance hours unless it is towing any type of attachment/equipment. Items in tow shall enter Rambo Road Gate.

(l) Any traffic diversions or road closures will be coordinated with 92 SFS/S3, five days prior to the diversion or closure. All activities of the Contractor and his employees and sub-contractors and their employees while on base shall be conducted in strict accordance with all base regulations, including those of the Fire Marshall as well as applicable security directives.

(m) Foreign Nationals requiring base access are required to provide the following information to the Foreign Disclosure Officer (FDO) for Wing Commander Approval at least 16 days prior to access. 1) Personal data (full name, date of birth, include passport number, visa number, green card number, any type of personal identifying number if applicable, country coming from, and dates of visit); 2) sponsor information (name, rank, squadron, phone numbers (home and office)); 3) on-base locations to be visited (home address if sponsor lives on base). Anytime a foreign national from a country is verified to be listed on the National Security Threat List (NSTL), contact the Foreign Disclosure Officer for guidance.

(n) Only United States (US) citizens are authorized to work in certain facilities on the installation. If applicable to the requirement, this information will be provided in the Performance Work Statement (PWS), Specifications, Statement of Work (SOW), or Statement of Objective (SOO).

(o) The Eagle Eyes Program is an Air Force Anti-Terrorism initiative that enlists the eyes and ears of Air Force members, civilians, contractors, and dependents. Contractors are considered key to these program efforts. Using situational awareness and vigilance can help identify and promote the reporting of suspicious activity. Suspicious activity may include: surveillance, elicitation, tests of our security, acquiring supplies associated with adverse intent, suspicious persons out of place, individuals practicing dry runs and unusual deploying of assets. WATCH – REPORT - PROTECT /Antiterrorism Level I training, if mandatory or requested, is available through a qualified on base instructor or may be accessed online at <https://atlevel1.dtic.mil/at>. AT level I training provides personnel an overview of how to recognize and address potential terrorist actions. Eagle Eyes Hotline: (509) 247-7777.

(p) In the event of an actual or simulated crisis, base access may be limited. During these events, individuals may be required to shelter in place or remain on or off base until the situation (actual or simulated) is cleared. These procedures are required in order to maintain base security and protection of both military and civilian personnel. Any contract delays associated with these events shall be brought to the attention of the applicable Contracting Officer.

(q) Upon completion or termination of the contract or expiration of the identification passes, the prime contractor shall ensure that all base identification and vehicle passes issued to employees and subcontractor employees are returned to the issuing office. Individuals that do not return passes will be denied future base access until the pass is returned or an affidavit stating loss/destroyed has been submitted. Failure to comply with these requirements may result in withholding of final payment.

(End of clause)

Revised 22 November 2016

(a) Definitions. As used in this clause--

Department of Defense Activity Address Code (DoDAAC) is a six position code that uniquely identifies a unit, activity, or organization.

Document type means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

Local processing office (LPO) is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) Electronic invoicing. The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall--

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this Web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>.

(e) WAWF methods of document submission. Document submissions may be via Web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) Document type. The Contractor shall use the following document type(s).

Invoice and Receiving Report (Combo)

(2) Inspection/acceptance location. The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

Government

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	F87700
Issue By DoDAAC	FA4620
Admin DoDAAC	FA4620
Ship To Code	F1X303

(4) Payment request and supporting documentation. The Contractor shall ensure a payment request includes appropriate contract line item and subline item descriptions of the work performed or supplies delivered, unit price/cost per unit, fee (if applicable), and all relevant back-up documentation, as defined in DFARS Appendix F, (e.g. timesheets) in support of each payment request.

(5) WAWF email notifications. The Contractor shall enter the email address identified below in the "Send Additional Email Notifications" field of WAWF once a document is submitted in the system.

STANDARD COMMERCIAL WARRANTY

The Contractor shall extend to the Government the full coverage of any standard commercial warranty normally offered in a similar commercial sale, provided such warranty is available at no additional cost to the Government. Acceptance of the standard commercial warranty does not waive the Government's rights under the "Inspection" clause nor does it limit the Government's rights with regard to other terms and conditions of this contract. In the event of a conflict, the terms and conditions of the contract shall take precedence over the standard commercial warranty. The standard commercial warranty period shall begin upon final acceptance of the applicable material and/or services listed in the Schedule. The Contractor shall provide a copy of its standard commercial warranty (if applicable) with its offer. The warranty covers a period of _____ months. (Offeror is to insert number)

STATEMENT OF WORK

Blind Installation
Bldg 2258
92d CES
Fairchild AFB, WA

1. **Description of Services.** The contractor shall deliver, set up and install horizontal and vertical blinds in building 2258, Fairchild AFB, WA. All installations will be in accordance with all federal, state, local laws and regulations, commercial standards and this Statement of Work (SOW). The contractor will have a total of 10 workdays to complete all delivery and installation. Delivery dates are firm and delivery/installation is **required during the period of 6-17 February 2017**. This delivery period is dependent on the completion of building renovation and may be shifted at the request of the Government only. Each blind will be delivered, installed, and 100% operational prior to the contractor's departure. The dormitory is comprised of six levels (each "level" is approx. ½ story), with four levels above grade, one level at grade, and one level below grade. The building has three stairwells, one in the center of the building and one on each end. There is no elevator in Building 2258.

2. Scope of Work: Building 2258

2.1 **Install.** The contractor will supply any equipment necessary to effectively and efficiently install all blinds into metal studs.

2.2 **Layout.** Upon arrival installers will be given direction on the specific placement of blinds.

2.3 **Damages.** It will be the contractors' responsibility to repair any damages, either to the structure or landscaping, due to the installation of the blinds. All repairs will be completed within one week of incident.

2.4 **Disposal.** All packing and shipping materials must be removed and disposed of by the contractor. Delivery personnel will be required to turn in any excess recyclable packaging material to the one base recycling center (Bldg. 2420 M-F 0700-1600 hrs.).

2.5 **Overstock Items.** Any items that are considered overstock will be delivered by the contractor to the FMO Office on base located in building 2451, suite 410. Point of contact is Mr. Jim Fuller. He will inspect and receive the overstock items. Hours of operation are; M-W 0730-1630 hrs.

2.6 **Availability.** The building will be available for installation from 0730-1630 Monday thru Friday, excluding federal holidays. The building will not be available during lunch, usually 1130 to 1230 hours, exact time will be determined by on site dormitory management.

2.7 **Access.** Fairchild AFB completes 100% background checks on all personnel that need access to the installation. Access may be denied based on criminal history or documentation status. Access will need to be requested at least three weeks in advance for any contractor personnel who are non-U.S. citizens.

2.8 **Facilities.** Restroom facilities are available onsite.

Specifications and Quantities

All blinds will be white in color, inside mount, dust resistant slats, hidden route holes, with built in valance. Please note that the sizes are an approximation, and can vary depending on drywall finish. Contractor will be authorized to measure all windows for accuracy and accountability prior to ordering from manufacturer, or on-site trimming could be utilized if available.

Vertical: Curved 3 ½" vertical blinds, made of smooth vinyl or PVC, with head rail in matching color, they can be operated by a traditional chain and cord or with a one touch wand for tilt control.

Horizontal: 1" aluminum mini blind with spring reaction that resists dents or bends in the slats.
